## **INDEPENDENT AUDITOR'S REPORT**

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Trustees  
Glenside Public Library District  
Glendale Heights, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, budgetary comparisons for the General and Special Reserve Funds, and the aggregate remaining fund information of Glenside Public Library District (the District) as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Glenside Public Library District as of June 30, 2009, and the respective changes in financial position and budgetary comparisons for the General and Special Reserve Funds, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and the required supplementary information are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The introductory section, budgetary detail, individual nonmajor fund statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The budgetary detail and individual nonmajor fund statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# **GLENSIDE PUBLIC LIBRARY DISTRICT**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

As management of the Glenside Public Library District, this narrative overview and analysis is provided of the Library District's financial performance for the fiscal year ended June 30, 2009. We recommend readers consider this information in conjunction with the financial statements as a whole.

### **Basic Financial Statements**

Fund and government-wide financial statements are presented on pages 6 through 13.

The government-wide financial statements are designed to provide readers with a broad overview of the Library District's finances in a manner similar to a private-sector business. They are prepared using the full accrual basis of accounting.

The Statement of Net Assets presents information on all the Library District's assets and liabilities with the difference between the two reported as net assets. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of the Library District is improving or deteriorating.

The Statement of Activities presents information showing how the Library District's net assets changed during the most recent fiscal year.

Fund financial statements tell how library services were paid for as well as what remains for future spending. Fund financial statements report the Library's operations in more detail than the government-wide statements by providing information about the Library District's two major funds, the General Fund and the Special Reserve Fund.

Notes to the Financial Statements provide additional information that is essential to develop a full understanding of the information provided in the financial statements. The Required Supplementary Information consists of retirement fund schedules of funding progress and contributions.

### **Financial Analysis**

Net assets may serve, over time, as a useful indicator of a government's financial position. In the case of the Glenside Public Library District, assets exceeded liabilities by \$2,922,465 at the close of this fiscal year. A large portion of the Library District's assets reflects its investment in capital assets. The Library District uses these capital assets to provide services and consequently these assets are not available to liquidate liabilities or for other spending.

**GLENSIDE PUBLIC LIBRARY DISTRICT**  
**Management's Discussion and Analysis (Cont.)**

*Summary of Net Assets*

	June 30, 2009		June 30, 2008	
	Balances	Percent of Total Assets	Balances	Percent of Total Assets
<b>Assets:</b>				
Current and Other Assets	\$ 3,935,936	50 %	\$ 3,885,827	48 %

<b>Net Assets:</b>				
Invested in Capital Assets, Net of Related Debt	(871,765)	(11)	(643,127)	(8)
Unrestricted	3,794,230	48	3,742,527	46
	<u>\$ 2,922,465</u>	<u>37 %</u>	<u>\$ 3,099,400</u>	<u>38 %</u>

For the year ended June 30, 2009, the Library District's net assets decreased by \$(176,935). The following table summarizes the Statement of Activities using the full accrual basis of accounting. All costs incurred by the District are presented; however, the purchase of Library materials of \$181,718 is not included because these costs are capitalized and depreciated over the expected life of the assets.

*Overview of the Statement of Activities*

	Fiscal Year 2009		Fiscal Year 2008	
	Balances	Percent of Total Revenues	Balances	Percent of Total Revenues

**GLENSIDE PUBLIC LIBRARY DISTRICT**  
**Management's Discussion and Analysis (Cont.)**

---

**Revenue**

The Library District receives 96% of its operating revenue from property taxes, while the remaining percent is comprised of fine revenue, state operating grant, interest income and other miscellaneous items.

**Expenses**

The Library District's largest expenditure item is considered to be personnel services. This category of expenses makes up 55% of the District's total expenditures and includes salaries and wages, health insurance benefits, training and development, unemployment and worker's compensation insurance, employee retirement and social security benefits.

**Programs and Services**

The following activities occurred in the Library/General Fund during the fiscal year:

- Expenditures for print materials were \$134,692, a decrease of 24%. Expenditures for resources in electronic format, such as e-books and databases, were \$47,026, an increase of 39%. The number of books added to the collection was 10,782. The total book collection at the end of the year was 118,085 volumes and the number of subscriptions was 272. The number of e-books was 5,793, an increase of 60%.
- Expenditures for other materials were \$90,534. This includes audio-visual materials, which were twice as much as previous year. Video games were added this year to the Library collection. The combined number of CDs and DVDs was 16,903, an increase of 6%.
- Programs for adults, teens, elementary school age, and preschool children continue to increase in popularity. Program related expenditures were \$25,393, an increase of 2%; while attendance at programs increased 34.3%, for an overall total of 20,864 attendees.
- The Library District newsletter increased mailings to four issues per year, up from three issues per year. Costs, however, were actually reduced by 16.1% for the newsletter.
- Library circulation has been reaching new highs every month. The average monthly increase in circulation was 15.3%.
- A part-time greeter was added to the Library's staff to welcome patrons to the Library, give directions, and assist with the Adult Department.
- The former study rooms in the Adult area were combined into one room by demolishing the adjoining wall. The larger room now accommodates the computer lab for computer classes, games, and other activities.

**GLENSIDE PUBLIC LIBRARY DISTRICT**  
**Management's Discussion and Analysis (Cont.)**

---

**Building and Grounds**

The following activities occurred in the Special Reserve Fund during the fiscal year:

- Second half of the roof renovation on the barrel roof to the west edge elevation.
- The Library converted from T1 lines to fiber lines for internet.
- A mobile desk unit was purchased to use as a greeter station in the lobby.
- The remaining balance due on the new Encore database and Innovative Software was purchased and installed.
- A tree was removed and replaced in the parking lot.

## Reconciliation of Balance Sheet - Governmental Funds to the Statement of Net Assets

June 30, 2009

---

Total Fund Balances - Governmental Funds	\$ 625,868
Amounts reported for governmental activities in the Statement of Net Assets are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	3,878,235
Property tax revenue from current levies is reported in the Statement of Net Assets, but is deferred in the governmental funds.	3,015,401
Bonds payable do not require the use of current financial resources and, therefore, are not reported as liabilities in governmental funds.	(4,750,000)
Deferred charges are amortized on the Statement of Activities, but are expensed in the year in which they were incurred in the governmental funds.	<u>152,961</u>
Net Assets of Governmental Activities	<u>\$ 2,922,465</u>

See accompanying Notes to the Financial Statements.

# **GLENSIDE PUBLIC LIBRARY DISTRICT**

## Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds

Year Ended June 30, 2009

Building and Site Maintenance	117,645			117,645
Capital Outlay		61,715		61,715
Debt Service				
Principal	110,000			110,000
Interest	254,200			254,200
Total Expenditures	2,995,296	61,715	-	3,057,011
Net Change in Fund Balances	(29,050)	(56,662)	1,111	(84,601)
<b>Fund Balances</b>				
Beginning	83,042	522,596	104,831	710,469
Ending	\$ 53,992	465,934	105,942	625,868

See accompanying Notes to the Financial Statements.

## GLENSIDE PUBLIC LIBRARY DISTRICT

### Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2009

---

Net Change in Fund Balances - Total Governmental Funds	\$ (84,601)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. This is the amount by which depreciation (\$404,148) plus the loss on disposals (\$116,208) exceeded capital outlays (\$181,718) in the current period.	(338,638)
Property tax revenues in the Statement of Activities that do not provide current financial resources are reported as deferred property tax revenue in the fund financial statements.	150,776
Debt service payments are reported as a reduction of a liability in governmental activities but are reported as an expenditure in the fund financial statements.	110,000
Governmental funds report bond issuance costs as a use of funds. However, in the Statement of Activities these costs are allocated over the life of the bonds.	<u>(14,472)</u>
Change in Net Assets of Governmental Activities	<u>\$ (176,935)</u>

See accompanying Notes to the Financial Statements.

## GLENSIDE PUBLIC LIBRARY DISTRICT

Notes to the Financial Statements  
June 30, 2009

---

### 1. Summary of Significant Accounting Policies

The accounting and reporting policies of the Glenside Public Library District (the District) relating to the accompanying basic financial statements conform to generally accepted accounting principles (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

#### A. Reporting Entity

The District follows the provisions of Governmental Accounting Standards Board Statement No. 39 "Determining Whether Certain Organizations are Component Units - an amendment of GASB Statement No. 14." As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate, tax-exempt entities and meet all of the following criteria:

- The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents.
- The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
- The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The District has concluded that no entities meet the criteria of Statement No. 39 for inclusion as a component unit. Likewise, the District is not required to be included as a component unit of any other entity.

#### B. Government-wide and Fund Financial Statements

##### *Government-wide Financial Statements*

The government-wide Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The financial activities of the District consist entirely of governmental activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. The District allocates indirect expenses to functions in the Statement of Activities in cases where a clear and direct connection exists. Program revenues include charges to residents who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Taxes and other income items that are not specifically related to a function are reported as general revenues.

## GLENSIDE PUBLIC LIBRARY DISTRICT

Notes to the Financial Statements  
June 30, 2009

---

### 1. Summary of Significant Accounting Policies (Cont.)

#### B. Government-wide and Fund Financial Statements (Cont.)

##### *Fund Financial Statements*

Fund financial statements of the reporting entity are organized into individual funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions.

Funds are organized as major funds or nonmajor funds within the governmental statements.

Governmental fund types are those through which the governmental functions of the District are financed. The District's expendable financial resources are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position rather than upon net income determination.

The District administers the following major governmental funds:

**General Fund** – This is the District's primary operating fund. It accounts for all financial resources of the general government except those required, legally or by sound financial management, to be accounted for in another fund.

**Special Reserve Fund** – This fund is used to account for the acquisition and construction of major capital facilities, equipment, and capital asset replacements.

The District reports the following nonmajor governmental fund:

**The Working Cash Fund (Permanent Fund)** – This fund is used to account for financial resources held by the District to be used for temporary interfund loans to certain other funds.

#### C. Basis of Accounting

The government-wide Statement of Net Assets and Statement of Activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The current financial resources measurement focus and the modified accrual basis of accounting are followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and available to finance the District's operations. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

### 1. Summary of Significant Accounting Policies (Cont.)

#### C. Basis of Accounting (Cont.)

Property taxes, investment earnings, and charges for services are the primary revenue sources susceptible to accrual. All other revenues are recognized when cash is received. Expenditures are recorded when the related fund liability is incurred.

The District reports deferred revenues on its Governmental Funds Balance Sheet. For governmental fund financial statements, deferred revenues occur when potential revenue either does not meet both the "measurable" and "available" criteria for recognition in the current period, or when resources are received by the District before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the Governmental Funds Balance Sheet and revenue is recognized accordingly.

#### D. Measurement Focus

On the government-wide Statement of Net Assets and Statement of Activities, governmental activities are presented using the flow of economic resources measurement focus, which means all assets and liabilities (whether current or non-current) are included in the Statement of Net Assets and the operating statements present increases and decreases in net total assets.

The measurement focus of all governmental funds is the flow of current financial resources concept. Under this concept, sources and uses of financial resources, including capital outlays, debt proceeds and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as deferred revenue or a reservation of fund equity. Liabilities for claims, judgments, compensated absences and pension contributions, which will not be currently liquidated using expendable available financial resources are included as liabilities in the government-wide financial statements, but are excluded from the governmental funds financial statements. The related expenditures are recognized in the governmental fund financial statements when the liabilities are liquidated.

#### E. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

## GLENSIDE PUBLIC LIBRARY DISTRICT

### 1. Summary of Significant Accounting Policies (Cont.)

#### F. Budgetary Data and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) The Board of Trustees passes a motion approving an operating budget.
- 2) Public hearings are conducted to obtain taxpayer comments.
- 3) Prior to the fourth Tuesday of September, the budget is legally adopted.
- 4) The budget may be amended by the Board of Trustees.
- 5) Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Within the annual financial report, the budgeted amounts represent the working budget figures of the District. The legally enacted appropriated amounts differ from these amounts.

#### G. Accrued Vacation and Sick Pay

Vested or accumulated vacation pay and sick leave that is expected to be paid from expendable available financial resources is reported as a liability in the governmental funds and on the government-wide Statement of Net Assets.

#### H. Capital Assets

In the government-wide financial statements, the District has adopted a capitalization threshold of \$25,000 for capital asset additions. All capital assets are valued at historical cost, or estimated historical cost if actual cost is unavailable. Donated capital assets are stated at their fair market value as of the date donated.

Depreciation of capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. This range of estimated useful lives by type of asset is as follows:

Building and Improvements	15 to 40 years
Furniture and Equipment	5 to 20 years
Library Materials	3 to 7 years

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not included as capital assets.

### 1. Summary of Significant Accounting Policies (Cont.)

#### I. Long-term Liabilities

In the government-wide financial statements, long-term debt is reported as a liability. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the outstanding bonds method.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Long-term debt is recognized as a liability in a governmental fund when due, or when resources have been accumulated for payment early in the following year.

#### J. Property Taxes

Property taxes attach as an enforceable lien on January 1. They are levied the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about May 1, and are payable in two installments, on or about June 1 and on or about September 1. The Library receives significant distributions of tax receipts approximately one month after these due dates. It is the Library's policy to consider proceeds from a given tax levy as being available to finance operations of the fiscal year for which it is budgeted. Accordingly, the 2008 levy proceeds are not considered "available" as defined earlier in Note 1 and are, therefore, considered deferred revenue at June 30, 2009. In the entity-wide financial statements, property taxes are recognized when levied.

The following are the tax rates applicable to the various levies per \$100 of assessed valuations:

	Maximum 2008 Levy	Actual 2008 Levy	Actual 2007 Levy
Library	0.6000	0.2792	0.2771
Audit	0.0050	0.0007	0.0007
Social Security	0.0000	0.0111	0.0122
Illinois Municipal Retirement	0.0000	0.0146	0.0148
Liability Insurance	0.0000	0.0010	0.0014
Workers' Compensation Insurance	0.0000	0.0005	0.0008
Building and Equipment Maintenance	0.0200	0.0147	0.0149
	0.6250	0.3218	0.3219

### 1. Summary of Significant Accounting Policies (Cont.)

#### K. Equity Classifications

##### *Government-wide Financial Statements*

Equity is classified as net assets and displayed in three components:

**Invested in Capital Assets** - consists of capital assets, net of accumulated depreciation and net of related debt.

**Restricted Net Assets** - consists of net assets with constraints placed on their use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation. The District reports no restricted net assets.

**Unrestricted Net Assets** - consists of all other net assets that do not meet the definition of restricted or invested in capital assets.

##### *Fund Financial Statements*

Governmental fund equity is classified as fund balance. Fund balance may further be classified as reserved and unreserved.

The following details the fund balance reservations during the year ended June 30, 2009 within the General Fund.

	Balance June 30, 2008	Property Tax Revenues	Expenditures	Balance June 30, 2009
Audit	\$ 20	6,184	5,900	304
Social Security	6,429	107,774	106,890	7,313
Illinois Municipal Retirement	3,767	130,742	127,169	7,340
Liability Insurance	129	12,368	9,138	3,359
Workers' Compensation Insurance	2,809	7,067	5,662	4,214
Unemployment Insurance	7,355		1,540	5,815
Building and Equipment Maintenance	(8,018)	131,625	115,375	8,232
	<u>\$ 12,491</u>	<u>395,760</u>	<u>371,674</u>	<u>36,577</u>

As of June 30, 2009, the Library designated \$112,626 in the Special Reserve Fund for long-term replacement of building and equipment components.

## GLENSIDE PUBLIC LIBRARY DISTRICT

### Notes to the Financial Statements June 30, 2009

---

#### 2. Deposits and Investments

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the balance sheet as "Cash and Investments." In addition, investments are separately held by several of the District's funds. Cash on hand of \$480 has been excluded from the amounts shown below.

Permitted Deposits and Investments – Statutes authorize the District to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Money Market Fund.

##### A. Deposits

At year-end, the carrying amount of the District's deposits totaled \$119,441 and the bank balances totaled \$129,468. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for credit risk. As of June 30, 2009, the entire bank balance of \$129,468 was insured, therefore, not subject to the aforementioned custodial credit risk.

##### B. Investments

The District's investments are maintained within the Illinois Funds Money Market Fund. This investment is not subject to risk categorization as the fund provides perfected collateral for the entire balance. The carrying amount and fair value of the Illinois Funds Money Market Fund at June 30, 2009 was \$1,984,227.

The Illinois Funds Money Market Fund is an external investment pool developed and implemented in 1975 by the Illinois General Assembly under the jurisdiction of the Treasurer, who has regulatory oversight for the pool. The Fund is not registered with the SEC and has an affirmed rating of AAAM from Standard and Poors. The fair value of the position of this pool is the same as the value of the pool shares. The Fund offers two separate investment vehicles to public entities. The average yield on the Illinois Funds Money Market Fund for the year ending June 30, 2009 was 0.88%. The Fund issues a publicly available financial report. That report may be obtained by writing to Office of the State Treasurer, Illinois Funds Administrative Office, 300 W. Jefferson Street, Springfield, Illinois 62702.

#### 3. Excess of Actual Expenditures over Budget in Individual Funds

For the year ended June 30, 2009, expenditures exceeded budget in the following fund:

	<u>Excess</u>
Special Reserve Fund	<u>\$ 9,265</u>

## GLENSIDE PUBLIC LIBRARY DISTRICT

Notes to the Financial Statements  
June 30, 2009

### 4. Capital Assets

A summary of changes in capital assets for governmental activities of the District is as follows:

	Balance July 1	Additions	Deletions	Balance June 30
Capital Assets Not Being Depreciated				
Land	\$ 175,000			175,000
Capital Assets Being Depreciated				
Building and Improvements	4,886,790		7,206	4,879,584
Furniture and Equipment	119,423		93,176	26,247
Library Materials	1,581,058	181,718	469,468	1,293,308
	6,587,271	181,718	569,850	6,199,139
Less Accumulated Depreciation for				
Building and Improvements	1,776,053	128,054	1,081	1,903,026
Furniture and Equipment	60,302	12,344	61,491	11,155
Library Materials	709,043	263,750	391,070	581,723
	2,545,398	404,148	453,642	2,495,904
Total Capital Assets Being Depreciated, Net	4,041,873	(222,430)	116,208	3,703,235
Governmental Activities Capital Assets, Net	\$ 4,216,873	(222,430)	116,208	3,878,235

Total depreciation expense for the year charged to Library Services was \$404,148.

### 5. Common Bank Account

Separate bank accounts are not maintained for all Library funds; instead, certain funds maintain their uninvested cash and investment balances in common checking and money market accounts, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

### 6. Risk Management

The Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The Library has purchased commercial insurance from private insurance companies to cover these risks. Risks covered include general liability, workers' compensation, medical and other. Premiums have been recorded as expenditures in appropriate funds. The amount of coverage has not been decreased nor have the amount of settlements exceeded coverage in any of the past three fiscal years. A detailed listing of insurance coverage is included in the statistical section.

## Notes to the Financial Statements June 30, 2009

### 7. Long-Term Debt

The following is a summary of the changes in long-term debt:

	Balance July 1,	Issuances	Retirements	Balance June 30	Due Within One Year
Series 1999 - \$4,775,000 General Obligation Bonds, due in annual installments through December 30, 2018; interest payable semi- annually on June 30 and December 30 from 4.875% to 5.00%. Partially defeased on June 1, 2006 with proceeds of 2006 Refunding issues. Final installment on unfunded amount due December 30, 2009.	\$ 280,000		110,000	170,000	170,000
Series 2006 - \$4,580,000 General Obligation Refunding Library Bonds, due in annual installments beginning December 30, 2010 through June 30, 2028; interest payable semi-annually on June 30 and December 30 from 4.0% to 4.375%. Proceeds were used to refund a portion of the 1999 General Obligation Bonds and all of the 2001 General Obligation Bonds outstanding.	4,580,000			4,580,000	
	<u>\$ 4,860,000</u>	<u>-</u>	<u>110,000</u>	<u>4,750,000</u>	<u>170,000</u>

The annual requirements on all general obligation debt to maturity as of June 30, 2009 are as follows:

Year Ended June 30	Principal	Interest	Total
2010	\$ 170,000	195,459	365,459
2011	180,000	189,515	369,515
2012	185,000	182,515	367,515
2013	195,000	175,215	370,215
2014	200,000	167,615	367,615
2015-2019	1,125,000	710,993	1,835,993
2020-2024	1,365,000	454,559	1,819,559
2025-2028	1,330,000	133,914	1,463,914
	<u>\$ 4,750,000</u>	<u>2,209,784</u>	<u>6,959,784</u>

## GLENSIDE PUBLIC LIBRARY DISTRICT

Notes to the Financial Statements  
June 30, 2009

---

### 7. Long-Term Debt (Cont.)

#### Bond Refunding

In 2006, the District issued General Obligation Refunding Library Bonds to partially defease the 1999 and fully defease the 2001 General Obligation Library Bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. The balance of the defeased debt outstanding at June 30, 2009 was \$4,345,000.

### 8. Litigation

The District is not involved in any litigation nor is it aware of any contemplated litigation for which the potential liability would be expected to exceed insurance coverage.

### 9. Deferred Compensation

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time District employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The District's deferred compensation plan has been placed in a trust through its administrators. Since amounts held in trust are for the exclusive benefit of all participants, the District does not report the assets in its financial statements.

### 10. Employee Retirement System - Illinois Municipal Retirement Fund

#### *Plan Description*

Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer defined benefit plan, provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. IMRF acts as an agent multiple-employer plan for local governments and school districts in Illinois. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at [www.imrf.org](http://www.imrf.org).

#### *Funding Policy*

As set by statute, employees participating in IMRF are required to contribute 4.5% of their annual covered salary. The statutes require the District to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its employees. The District's rate for calendar year 2008 was 10.63% of annual covered payroll. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

---

### 10. Employee Retirement System - Illinois Municipal Retirement Fund (Cont.)

#### *Annual Pension Cost*

For 2008, the District's annual pension cost of \$125,235 for the Regular plan was equal to the required and actual contributions.

#### TREND INFORMATION

Actuarial Valuation Date	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
12/31/2008	\$ 125,235	100%	0
12/31/2007	119,861	100%	0
12/31/2006	113,423	100%	0

The required contribution for 2008 was determined as part of the December 31, 2006 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2006 included (a) 7.5% investment rate of return (net of administrative and direct investment expenses); (b) projected salary increases of 4.0% a year attributable to inflation; (c) additional projected increases ranging from 0.4% to 11.6% per year depending on age and service, attributable to seniority/merit; and (d) post-retirement benefit increases of 3.0% annually. The actuarial value of the District's plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The District's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2008 valuation was 24 years.

#### *Funding Status and Funding Progress*

As of December 31, 2008, the most recent actuarial valuation date, the plan was 59.04% funded. The actuarial accrued liability for benefits was \$1,878,453 and the actuarial value of assets was \$1,108,970, resulting in an underfunded actuarial accrued liability (UAAL) of \$769,483. The covered payroll (annual payroll of active employees covered by the plan) was \$1,178,124 and the ratio of the UAAL to the covered payroll was 65.31%.

The Schedule of Funding Progress, presented as Required Supplementary Information following the Notes to the Financial Statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.
