

Employee Compensation Package 2022-23

Six days after approving the annual budget, a library that participates in the IMRF must post on its website the total compensation package for each employee having a total compensation package that exceeds \$75,000. Also, at least six days prior to approving an employee compensation package that equals or exceeds \$150,000, the library must post the total compensation package information on its website. Alternatively, a library can choose to post a notice on its website identifying where the public can obtain compensation package information (i.e., at the library's main office). For libraries without a website, the information must be posted at their main office. 5 ILCS 120/7.3.
